## **Survival of the fittest! – December 28th - 30th**

Could you survive in the freezing Himalayas? Not without a heavy fur coat like the Red Pandas! What about surviving on the Savannah? It helps to have a herd by your side! Come to the Zoo this December to discover how animals survive in their different habitats.

## **Weird, Wacky, and Wild! – January 4th – 6th**

Have you ever wondered why an Anteater's nose is so long, why an Armadillo is so scaly, or why an Aardvark's toenails are so long? Answer all of these questions and more when you delve into the world of weird, wacky, and wild animals at the Sacramento Zoo in January.

Don't miss this unique educational opportunity. [Register today!](#)

**Sacramento Zoo – Wildly Inspiring!**

Open since 1927, the Sacramento Zoo is home to more than 500 native, rare and endangered animals and is one of more than 200 accredited institutions of the Association of Zoos and Aquariums. Located near the corner of Land Park Drive and Sutterville Road in William Land Park, the Zoo is wholly managed by the non-profit Sacramento Zoological Society. This Sacramento treasure inspires conservation awareness through education and recreation. For information, call 916.808.5888 or visit [saczo.org](http://saczo.org).
