The core of the Sacramento Zoo's mission is animal conservation and welfare. As a member of the Association of Zoos and Aquariums and a leader in animal conservation in the Sacramento region the Sacramento Zoo takes its mission seriously. Through a variety of efforts and by working together zoos have helped to save the Red Wolf, California Condor, Black-footed Ferret, Przewalski's Horse, Karner Blue Butterfly, and more. Although we celebrate those victories, we also recognize that zoos must continue to focus collective expertise to save species as the number of species added to the endangered species list continues to rise.

Come celebrate the amazing diversity of wildlife on our planet and the role you and the Sacramento Zoo can play in the bigger picture of preserving it. A portion of all admission tickets and all proceeds from the carousel on Earth Fest will go towards animal conservation projects locally and globally. Event is included with general admission into the Zoo. Ride Regional Transit to the Zoo on Earth Fest and present your ticket for \$1 off admission and be sure to bring your used laser & inkjet printer cartridges, cell phones & prescription glasses to drop off at the Recycling Station!
