Animals on Tap Release Party Hylobates Lar IPA

with

[Track 7 Brewing Co.](#)

WHERE: Track 7 Brewing Co. Curtis Park Taproom

WHEN: August 31, 12 to 4 pm

Track 7 Brewing and the Sacramento Zoo are excited to present Hylobates lar Northeast IPA: a collaboration beer brewed in honor of gibbon conservation. The name Hylobates lar comes from the scientific name for white-handed gibbon.

ABOUT THE BEER:

Tropical and juicy, this mouthwatering hazy IPA is brewed with fruits native to the gibbon diet: mango and lychee! An expressive ale yeast plus dry-hopping of Citra and Mosaic hops compliments the fruity citrus notes of the beer.

Track 7 Brewing Company was established as an outlet for creative expression through unique and artisanal beers. The name, Track 7 Brewing Company, was selected in part due to the brewery's proximity to the old Western Pacific railroad tracks, west of Curtis Park, and as a nod to the integral role the railroad has and continues to play in Sacramento's rich history. Track 7's approach to beer is in the vein of the firmly-hopped West Coast tradition, but without fidelity to a singular "style". This unfocused approach allows Track 7 to experiment with all varieties of beer, regardless of American, Belgian, English, or German inspiration.
