# Sacramento Zoo armadillo found safe

**For immediate release**

**Media Contact:** Andrea Haverland - 916-808-8811  
ahaverland@saczoo.org

(October 7, 2022) -- On the morning of October 7 Josephine, a six-banded armadillo was found safe. The armadillo had escaped from the Sacramento Zoo's Interpretive Center the morning of October 6. Zoo staff immediately began searching the zoo, its perimeter, and the adjacent park. She was found in the zoo only 192 feet away from where she had gone missing.

Once found, veterinary staff immediately examined her and gave her a clean bill of health. We are happy to report that Josephine is healthy and safely back in the Interpretive Center.

Thank you for your concern and assistance in bringing Josephine home.
