Dragon Discovery at the Sacramento Zoo

The Mythical Adventure of a Lifetime Starts FRIDAY

(Sacramento, CA) -- For thousands of years, dragons have captured the imagination of cultures around the world. From the fire-breathing dragons of Europe to the silent killers of Africa and the ocean's serpent kings, dragons have converged on the Sacramento Zoo.

From October 28 through February 26, steel your courage and venture into the mystical world of Dragon Discovery at the Sac Zoo! Experience fourteen towering animatronic dragons from all corners of the globe and learn how some zoo animals carry traits similar to these mythical creatures of lore.

The exhibit is generously sponsored by First 5 California and is free for all ages with the price of zoo admission!

About the Sacramento Zoo

The Sacramento Zoo is home to more than 400 native, rare and endangered animals and is one of more than 200 accredited institutions of the Association of Zoos and Aquariums. The Zoo inspires conservation awareness and action through exceptional animal care, education and recreation, and it welcomes an average of 500,000 visitors a year. The Sacramento Zoological Society formed in 1958 to support and raise funds for the zoo that was created in 1927 in William Land Park. In 1970, the Sacramento City Council adopted the name "Sacramento Zoo." And in 1997, as city funding continued to decrease, the Sacramento Zoological Society assumed responsibility for the Zoo's management and the majority of its financial support.
